

Pet PreMix *solution*

For production of Pet Supplements

Ready-made homogenous premixes for production of **innovative, science based, animal friendly pet supplements** especially for cats and dogs, produced in form of **unique small chewing tablets** or powder pet supplements. Innovated tablets **are especially designed for easy feeding**.

Tabs are more than **4 x smaller** than common tablets which have 3 grams.

Minitabs are **20 x smaller** than common tablets on the market.
